

LOGAN BAND BOOSTER ASSOCIATION MEETING NOTES

Minutes From Meeting: March. 12, 2018

Meeting called to order by Missy Mullins @ 6:30. There were 10 members in attendance.

SECRETARY'S REPORT was read for the month of February and motion to accept by Christin Kilkenny; seconded by Barb Nakanishi.

TREASURER'S REPORT was read for the month of February and motion to accept by Christin Kilkenny; seconded by Brenda Rowe.

OLD BUSINESS

Thank you to all who helped with District Contest.

Frozen Food will be delivered on Wednesday, March 21st. Volunteers are needed to help the band officers sort and distribute that afternoon at 4:30. Pick up is scheduled for 6 – 7.

The trash bags will be delivered by the end of this week. They are coming presorted but will need to be picked up. Students can take them home after school if their order isn't too big. Anyone needing a parent to help can pick up their trash bag orders at the same time as the frozen food orders.

The Volunteer Dinner is scheduled for March 22nd @ 6:00 at the Olde Dutch. Mike will take care of menu. Mark will contact all volunteers and send out the invitations.

The food license has been secured from the Health Depart so we are good to go for track season.

We also revisited the idea of students earning credit for working scrub games. Missy made a motion that instead of earning a credit, each time a student works, their name would be entered into a drawing for a gift card (gas card, food card, prepaid Visa card, etc.). Drawing could be held twice per year, one in the fall and one in the spring. Christin seconded the motion and it was carried by unanimous vote.

NEW BUSINESS

Monte Bainter and Kristi Brooks presented updated information on the Chieftain Center. The original project was going to be close to 30,000 square feet and sit between the school and the football field. The updated project is going to be over 80,000 square feet and sit adjacent to and conjoined with the existing home side concession stand. Ground breaking will be on April 9th but the concession stand will be fully functional through graduation. All equipment will need to be removed and stored offsite beginning May 30th. Construction will impact concession stand operations for pre-season soccer and band camp but should be fully functional again by the first home football game on August 24th. Mr. Bainter assured us that the Athletic Department and Custodial Staff will be available to help remove equipment this spring and return everything to working order in the fall.

There was also a brief discussion on the turf area inside the new facility. The turf area will be 130' x 80' and will be a multi-purpose area. Previous discussions included how this area would be lined for use by the band as well as other activities. Several ideas were discussed such as lining the field width wise versus length wise, using tick marks instead of full lines and using dashed lines instead of solid lines. Mr. Bainter stated he would provide examples of what the turf could like to Mrs. Price. No decision was made at this time as further discussion is needed.

Another brief discussion was held about lighting for the new parking lot that the boosters will be using during the games. Mr. Bainter asked us to remind him of our needs as the construction of the lot approaches so he can ensure there is ample lighting for the officers and others as they leave the school grounds after each game.

The first track meet is scheduled for April 2. We will need to secure workers for the concession stand. Students are welcome and encouraged to work but we will need a few adults on hand as well. Mark will send out an email blast to the parents and Mrs. Price can announce in class.

The Spring Concert is scheduled for Tuesday, May 1st and we will do the advance ticket sales like the past couple of years. Brenda will handle all reserved ticket sales. Proceeds from the reserved tickets will go to the trip account.

This year's Band Banquet is scheduled for Wednesday, May 9th. Cheri will order the glasses, flowers, and pens and work with Pam to get the invitation list so invites can get in the mail.

Brenda Rowe, Barb Nakanishi, and Christin Kilkenny will serve as the nominating committee for the upcoming officer elections. The next term will be for 2 years to avoid officer change during a trip year. Anyone who is interested in serving as an officer should let one of them know.

The high school has offered the bottom half (storage bin) of an ice maker to the boosters but we will need to purchase the top half (ice maker). Purchasing an ice machine has discussed in the past but no formal decision was made. Given the donation of half the system, a motion was made by Missy Mullins to purchase to remaining part and have it ready for the fall concession season. The motion was seconded by Cheri Bauman and was passed by unanimous vote.

Christin Kilkenny will not be readily available during the school day to handle all deliveries and stocking / rotating pop. She has spoken with Mr. Kindiger about utilizing the work study students to help with inventory, product delivery, and stocking the pop. A detailed job description will be provided to the students and Christin will provide training for those involved. Students will be supervised by Mr. Kindiger to ensure everything goes smoothly. This will not only help out the boosters but will provide valuable hands on work experience for the students involved.

Motion to adjourn meeting by Cheri Bauman and Barb Nakanishi.
Next meeting April 9th @ 6:30.
